

  
**Milton Lake Lodge**  
SASKATCHEWAN  CANADA

**This is one of the last great wilderness regions where bald eagles, black bears, caribou, lynx, moose, wolves and arctic foxes are a part of the landscape. The Taiga Shield's abundant waters give ample opportunities to see, hear and photograph to the shy waterfowl and wildlife. Every moment is awe inspiring with gorgeous sunsets, northern lights and true remoteness.**

**To preserve these ecologically sensitive regions we practice sound management of the natural resources under our care by creating the smallest possible footprint. A catch and release policy with the exception of shore lunch ensures world class trophy fishing. We encourage the 3 R's of reducing, reusing and recycling wherever possible by staff and guests alike.**

**Top of the line 4-stroke outboard motors helps lessen our carbon footprint. We are currently upgrading our power supply with the development of solar. Our goal is to preserve this piece of paradise for many generations to come.**

**Create the memories of a lifetime when you stay with us. Catch giant northern pike, abundant lake trout and beautiful arctic grayling. Milton Lake Lodge and Outposts are located in the far reaches of Northern Saskatchewan. Our secluded lakes are truly fly-in only and are for the exclusive use of our guests.**

**Your wilderness adventure begins with us in Saskatoon where a flight will take you approximately 800 kilometers to Stony Rapids. From there you will board a float plane for a short, enjoyable journey to the lodge or outposts. A great experience with exceptional fishing and superb service await you. Be prepared to step into a simpler time and enjoy complete relaxation in this wilderness wonderland.**

**Our world class trophy fishery is the main attraction to Milton Lake Lodge and Outposts. Any level of experience is fine, from first timers to experienced anglers looking to target the biggest fish the north has to offer. At Milton Lake Lodge we provide everything you need from high quality rods, reels and lures to comfortable 17' Lund Outfitters equipped with Sonar/GPS and 40HP Yamaha 4 stroke outboards.**

**Lakes at this latitude of Northern Saskatchewan are known to produce large numbers of huge fish. What makes our lakes exceptional is the fact that very few anglers have even fished these waters. A catch and release policy, with the exception of shore lunch, has been in place during the limited number of years that these waters have been fished.**

**Whether you enjoy casting light gear for arctic grayling in the cold waters of the river, watching the explosion of a monster pike crush your top-water lure, or feeling the thud of a hook set into a giant lake trout while vertical jigging, Milton Lake Lodge and Outposts have what you are looking for.**

**Fishing**

**Our fly-fishing opportunities are fantastic and there are a variety of options to try. Sight fishing for northern pike in the shallows can be done most of the season. Watching a monster pike swirl and hit your fly is very exciting. There are many shallow, sheltered bays to make this method of fishing ideal.**

**Lake trout can also be caught on a fly in spring and fall when they are located in shallow water.**

**Try finessing arctic grayling or whitefish with lighter gear in many accessible areas of our river systems.**

**Our experienced guides and boats with huge casting decks make fly fishing comfortable and enjoyable. Fly fishing lessons, rods and waders are available for your use at no charge at our main lodge.**

# Fly Fishing

# Milton Lake Lodge

**Milton Lake Lodge is a premium quality lodge with all the facilities needed to provide beauty and comfort in a wilderness setting. You can relax in the great room, take in the view from the deck, or have a cocktail after a full day of fishing. For those who need to stay in touch with the outside world, hi-speed internet and WIFI calling is available.**

**We accommodate a maximum of 8 anglers at any time, each with their own private bedroom. Every room has a natural pine interior, a double bed with a down duvet and a thermostat for separate room control. Free daily maid and laundry service is provided.**

**Start your morning with a hearty breakfast and then later, enjoy either a box lunch or a shore lunch of fresh fish. When you return from a full day of fishing be sure to have a snack while swapping fish stories. In the evening you can look forward to a hearty delicious meal served with complementary house wine.**

**Our guides are the best in the business. The boats are 17 foot Lund Outfitter boats with huge casting decks and 40HP four-stroke motors. You can travel light as we provide high quality fishing gear and tackle for your use while at the lodge.**

**Our main lodge overlooks the beautiful Milton Lake. The great room with its cathedral ceiling and window wall provide great inspiration for corporate and group meetings or just to hang out with some buddies.**

# Misekumaw Lake

**Misekumaw Lake provides some of the most incredible trophy pike fishing to be found anywhere in the north.**

**The lake covers the largest area of all of our lakes at 13 km long and 6km wide.**

**This scenic lake has many sand beaches, islands and sand eskers along the shores. It is an excellent trophy pike lake with many spawning areas in shallow waters on the east side. The lake trout move to the deeper areas during the summer and arctic grayling are found in the river.**

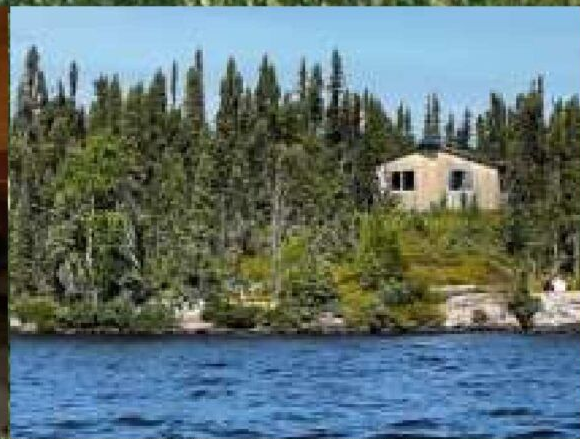

**During inclement weather you can choose from the 3 bays that surround the cabins and fish right off shore.**

**At this camp you are completely on your own schedule using your own fishing gear. A complimentary meal package is included. The camp manager will give you an orientation of the lake and camp and maintain your boat plus will cook your meals for a small fee.**

**Misekumaw Lake is a self-sufficient Outpost for up to 11 guests. Four cabins are tucked into the woods behind a beautiful beach. The common cabin provides a fully equipped kitchen, dining and living area with wood stove, and a flat screen TV. There are 3 cabins for sleeping with 11 single beds. Behind these cabins is a shower with hot running water, washer and dryer, and a flush toilet.**

# Walker Lake

**A private cabin for up to 6 guests with a lake all to yourselves. It is ideal for those who want to enjoy a relaxing holiday with fishing on their own schedule.**

**This lake is 6km long and 3 km wide with lots of rocky areas, under water structure and weed beds. Quiet and comfortable boats make for a great day of fishing for huge northern pike and giant lake trout. There are 2 boats at Walker Lake which are 16 foot Lunds with fish finders, padded swivel seats and are equipped with 15 HP 4-stroke outboard motors.**

**The Porcupine River flows out of Walker Lake and into Milton Lake. This river has been canoed and offers great pike and arctic grayling fishing.**

**The pine cabin is set amongst the trees where you are surrounded by nature at its finest. The interior offers all the comforts you need to make your stay enjoyable, including power, a hot water bathroom with shower, a fully equipped kitchen, flat screen TV, washer and dryer, and a large living space and two bedrooms. Outside you can sit around the campfire or watch the sunset from the rocky shoreline. A complimentary meal package is included.**

**If you are looking for a private getaway with fantastic fishing, then Walker Lake is for you.**

# Combo Trips

**If it all sounds appealing why not create a combo trip and get the best of both worlds?**

**Why not experience the comfort of Milton Lake Lodge as well as the knowledge and skill of the guides and then tackle the finest outpost lakes in the north and put your skills to the test?**

**With many different combinations and options available we can put together the perfect package for you and your group!**

**There are so many different angling opportunities available to you and we would love to customize a trip that you will remember forever!**

**Once you get a taste of what we have to offer you will want to return year after year to explore new adventures and we look forward to welcoming you!**

### Trip of a Lifetime

This lodge was amazing! The view was spectacular, from the tranquil mornings overlooking Milton lake with a hot cup of coffee to sitting up at night with a splash of brandy and watching the northern lights with my sons

, Milton Lake lodge provided a trip of a lifetime. The accommodations were top notch especially as a the only means to get here is by float plane. From the guides to the chef, all the staff were top notch. The fishing was excellent. Having traveled the world, I can not think of a negative thing to say about this piece of paradise.

### Amazing experience!

Just returned from Milton Lake Lodge and am still on a "Pike High"! It was a great trip with superb food, great fishing, and a staff that wanted to make sure we were taken care of. The guides were knowledgeable, patient, and very helpful. (We caught a lot of fish!) The chef was quite good with fantastic dinners served nightly. I had the best duck I have ever eaten and a pork tenderloin that was to die for. Amazing considering we were miles from ...

 **Tip:** Make sure you bring your waterproof gear. Always a good chance of rain, but boats splash water when crossing the lake. You will get wet!

### GREAT PEOPLE, GREAT FISHING

100% Happy in all regards. Guides, accommodations, experience was all that we could have hoped for. Often the marketing claims of fishing operations are 'optimistic' shall we say but Milton Lake Lodge surpassed all we had hoped. Guides Blain and Brian were overqualified and the operation is overseen by Nick Parks who runs a great ship. I think the unexpected highlight was the food. The Chef Tanneau (sp?) prepared and presented ...
